

FOR IMMEDIATE RELEASE

Unicity Network™ Products Listed in Physicians' Desk Reference®

OREM, UTAH—Two of Unicity Network's nutritional products—Bios Life 2® and Cardio Essentials™—are listed in the new 2002 edition of the prestigious *Physicians' Desk Reference*, billed by its publisher as an annual directory of ethical pharmaceutical, biological, and diagnostic products. With approximately 750,000 copies in print, the 2002 *Physicians' Desk Reference* can be found in virtually every physician's office, hospital, and pharmacy in the United States. Nine out of ten doctors consider it their most important reference source, and they use it to help them decide which products to prescribe or recommend for their patients. For more information about the directory, visit www.pdr.net.

Bios Life 2®

- Helps reduce cholesterol levels and thus the risk of heart disease
- Promotes a healthy digestive system
- Controls appetite naturally by creating a comfortable, full feeling
- Contains other beneficial nutrients such as beta-carotene, calcium, zinc, and a complex of B vitamins.

Cardio Essentials™

- Contains coenzyme Q-10, a fat-soluble antioxidant that supports healthy heart function by providing proper nourishment to heart muscle tissues
- Contains L-carnitine, which has been shown to support healthy heart activity
- Is U.S. Patent Pending.

Officially launched on July 1, 2001, Unicity Network™ represents the coming together of Rexall Showcase International and Enrich International, two of the most respected and successful network marketing and nutritional companies in the industry. The launch of the company has captured worldwide attention and has been featured in several industry publications. Unicity Network™ operates in ten different countries.
